JASMINE IRAWAN

Computer Science & Software Engineering Graduate

Melbourne, VIC

0432698401 | jasmineirawan1@gmail.com | github.com/jasminepi5 | linkedin.com/in/jasmine-irawan | jasmineirawan.dev

EDUCATION

Bachelor of Computer Science, Monash University — Jul 2023 – Jul 2026

Major & Specialisation: Algorithms & Software

Diploma of Information Technology, Monash College — Nov 2022 – Jun 2023

Stream: Computer Science

EXPERIENCE

PATROLI | PWA (Progressive Web App) | PT Kelapa Asia Abadi — Sep 2026 – Present

Software Developer (Full stack), Volunteer Client Work

- Developed a web application that lets security guards record their patrols using QR-code scans and lets supervisors view relevant information via a dashboard. Accessible via mobile and desktop.
- Utilised *Preact* for lightweight bundle, *Tailwind CSS* for styling, *PostgreSQL (Supabase)* for database and authentication, *Netlify* for hosting.
- Conducted manual, automated end-to-end (*Playwright*), and unit testing

PROJECTS

MOGO | Android Rideshare App | *See on GitHub: **github.com/jasminepi5/MoGo*** — Dec 2025 – Jun 2026

Software Developer, Backend-focused (Final Year Project)

- Created a Monash University-focused Android rideshare app using *Kotlin, Android Studio IDE, PostgreSQL (Supabase)*, and utilized *MVVM architecture*.
- Collaborated with a 4-person Scrum team implementing *Agile* methodologies; used Jira for backlog tracking and management.
- Implemented real-time route calculation, location-tracking, place autocomplete, and live map rendering using *Google Maps Platform* integration (*Maps SDK for Android, Places API, Routes API*).
- Executed manual functional testing across booking and location-tracking flows; authored and maintained testing documentation and report.

SKILLS

- **Languages:** TypeScript, JavaScript, Python, Kotlin
- **Frameworks & Libraries:** React.js, Next.js, Tailwind CSS
- **Backend & Databases:** Node.js, PostgreSQL, Supabase
- **Testing:** Playwright, Pytest
- **Tools:** Git, VS Code, Android Studio, Jira
- **AI-Assisted Development:** Claude Code, Figma AI
- **Spoken Languages:** English, Bahasa Indonesia (bilingual)
